

NATIONWIDE BULK PICKUP RECYCLING SERVICES

» For larger facilities (over 150,000 square feet), bulk pickups can provide a cost effective solution for recycling large amounts of intact or crushed lamps, ballasts, batteries, or electronic waste.

How it works:

1. You request a quote or schedule a pickup online or by phone (800-909-9709)
2. We coordinate a pickup date that works best for you
3. Your packaged waste is picked up and delivered to one of our certified recycling partners
4. The waste is recycled, and you receive a Certificate of Recycling confirming its proper handling and processing

Features:

- » Flexible scheduling
- » Online recycling progress tracking
- » Online Certificates of Recycling
- » Recycle unlimited quantities of waste including drums of crushed lamps

Call **800.909.9709** to request a quote or schedule a pickup.
